HTML(frac.CreateVideo(video_name, fps=0.25))
```

A shopper buys one 3 pound bag of cat food.
Her cat eats $\frac{3}{4}$ pounds of food each week.
How many weeks does one bag last.

First, we show $\frac{3}{4}$ how much food the cat ate in a week.

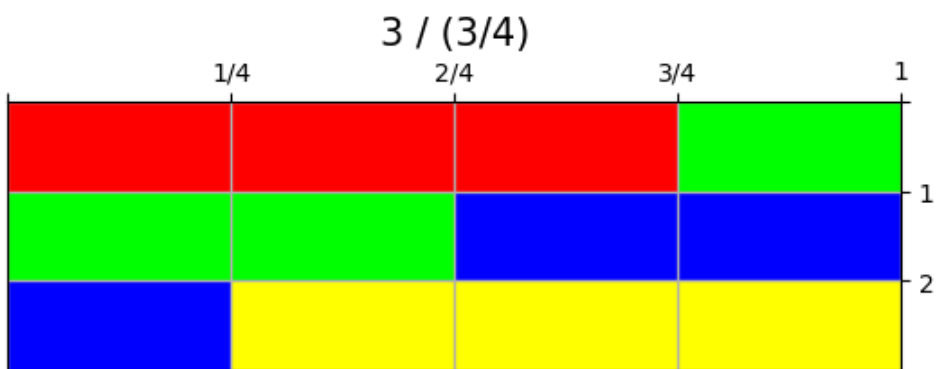

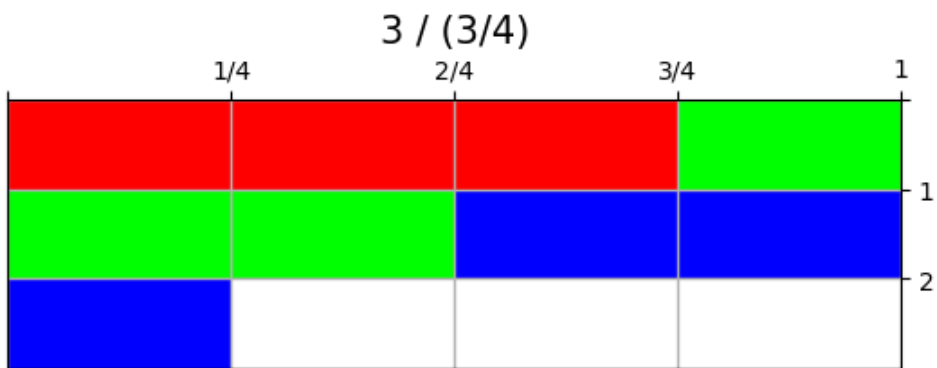

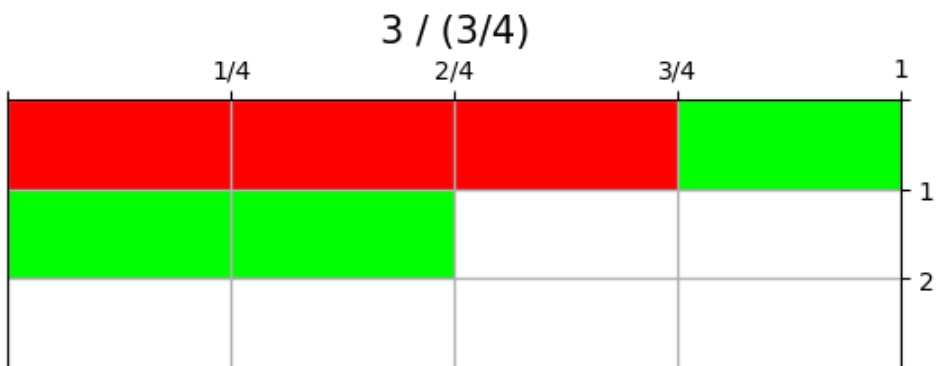

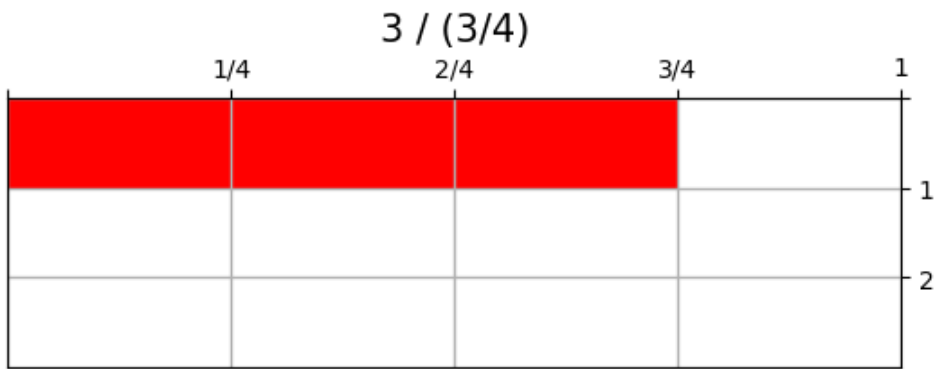

Second, we show 3 is the lbs of 1 bag.

3/4 pounds of food each week.
it last 4 weeks

Thank you :-)

Compressed myvideo.mp4 into temp_video.mp4

Out[8]:

A shopper buys one 3 pound bag of cat food.
Her cat eats $\frac{3}{4}$ pounds of food each week.
How many weeks does one bag last.
